

# Cardiovascular Clinical Care Coordinator

AdventHealth Cardiovascular Institute

**Janet Celli, BSN, RN, PCCN,**

is a highly experienced cardiovascular clinical care coordinator and a registered nurse with a background in cardiovascular and oncology surgery. As an essential member of the cardiovascular

care team, Janet facilitates an evidence-based, multidisciplinary approach to care for cardio-oncology patients, including those undergoing chemo treatments with the goal of prevention of potential heart conditions caused by lifesaving chemotherapeutic agents.

## What is a cardiovascular clinical care coordinator?

In her role as the cardio-oncology and genomics nurse coordinator, Janet is a loyal source of support and guidance for both oncology patients and families. She serves as a resource for our community for the proactive research of genomics and familial hypercholesterolemia, which can lead to heart disease. Janet provides a wholistic, comprehensive experience for each oncology patient and each potential genomic patient.

# You're not alone. We're here to help.

At AdventHealth Cardiovascular Institute, we realize that patients with a suspected or confirmed diagnosis of cardiovascular disease will be faced with the challenge of having to make decisions regarding treatment. As a key member of our team, the cardio-oncology and genomics care coordinator provides the following services and support tailored to individual needs:

- Provides information on the latest medical research and eligible clinical trials
- Answers questions and explains procedures
- Connects patients and families with resources and support services
- Coordinates care among providers
- Educates about health and wellness community resources
- Provides follow-up for our oncology patients currently receiving treatment
- Provides follow up for our community participants regarding genomics

## Profile

- Progressive Care Certified Nurse
- Bachelor of Science, Nursing, Boston University College of Health Sciences, Boston
